Domeniu de activitate

Energy Infrastructure

Prezentare

One of Romania's most certified EPC contractors specialized in electrical infrastructure projects for the transmission, distribution, nuclear, renewable, private, and military sectors for works up to 400kV

Proiecte nucleare de referință

Replacement of Expansion Joints Units 1 & 2 Cernavodă NPP

High-Velocity Centrifuge Nuclear Fuel Factory

Level 4 Emergency System Cernavodă Nuclear Power Plant

Backup Power for Critical Consumers (U0)

Nuclear Seismic Protection High criticality system for Unit 2 reactor safety (CNE Cernavoda)

Replacement of 2 units 24/415kV 440 MVA Main Output transformers for Cernavoda NPP Unit 1

Automation and rehabilitation of the WTP for CNE Cernavodă Nuclear Power Plant

Electrical Systems for MACSTOR200 Storage Units - CNE Cernavodă – Spent Nuclear Fuel Interim Storage

Electrical Works for CNE Cernavodă Unit 5 Project

Cifre cheie

Anul înființării 2002

Turnover (M euro) 14

Certificate

Tip: ANRE Type E2 Authorization for execution of transformer substations, electrical substations, and electrical installations belonging to power plants, at all standardized voltage levels.

Data expirării:

Autoritatea emitentă: ANRE

Tip: ANRE Type E1 Authorization for design of transformer substations, electrical substations, and electrical installations belonging to power plants, at all standardized voltage levels.

Data expirării:

Autoritatea emitentă: ANRE

Tip: ANRE Type D2 Authorization for execution of overhead and underground power lines at all standardized voltage levels.

Data expirării:

Autoritatea emitentă: ANRE

Tip: ANRE Type A1 Authorization for testing of electrical equipment and installations for technical conformity certification of power plants, in accordance with applicable technical standards.

Data expirarii:

Autoritatea emitenda: ANRE

Tip: ANRE Type D1 Authorization for design of overhead and underground power lines at all standardized voltage levels.

Data expirarii:

Autoritatea emitenda: ANRE

Tip: Authorization for Performing Installation Activities of Measuring Instruments No. B-07-023-25
Authorization for installation of measurement devices, issued by the national authority for pressure equipment and technical installations.

Data expirarii:

Autoritatea emitenda: ISCIR

Tip: Acceptance Certificate for Performing Activities in the Controlled Area of Operating Nuclear Facilities

Data expirarii:

Autoritatea emitenda: CNCAN

Tip: NMC-08 – Authorization for Nuclear Construction and Installation Activities

Data expirarii:

Autoritatea emitenda: CNCAN

Tip: NMC-07 – Authorization for Nuclear Manufacturing and Services Activities

Data expirarii:

Autoritatea emitenda: CNCAN

Tip: NMC-05 – Authorization for Nuclear Design Activities

Data expirarii:

Autoritatea emitenda: CNCAN
