Prezentare

Nuclearelectrica has nearly 30 years of experience in operations, at the highest level of safety and productivity. Nuclearelectrica has made Romania a well-established operator in the nuclear industry.

Nuclearelectrica plays a key role in ensuring Romania's energy security by production clean, safe and reliable energy. It provides 20% of the national energy consumption and +30% of the CO2-free energy in Romania. SNN has 2 branches: Cernavodă Nuclear Power Plant, which operates 2 CANDU reactors-the most efficient among +440 nuclear reactors worldwide, and Pitesti Nuclear Fuel Plant, the only CANDU nuclear bundle factory in Europe. SNN rolls out key projects: Refurbishment of Unit 1, Units 3&4, SMRs, medical isotopes, and the detritiation facility - the 1st in Europe and the 3rd in the world.
